Gentlemen

We are transmitting copies of the Operable Unit 1 (881 Hillside) Final Corrective Measures Study/Feasibility Study (CMS/FS) response to comments on the Draft CMS/FS and the Draft Proposed Plan This satisfies the February 13 1995 Interagency Agreement milestone

As discussed with you in the February 8 1995 meeting the CMS/FS does not specify a Preferred alternative nor the Point of Compliance (POC) Since the POC issue is currently unresolved we feel that it is appropriate not to include it in the Final CMS/FS However we have indicated in the Draft Proposed Plan the preferred remedial alternative and the POC The POC is consistent with the issue paper discussed in the February 2 1995 meeting

If you have any questions please contact Scott Grace at 966 7199

Sincerely

A handwritten signature in cursive script, reading "Steven W. Slaten".
